

Florida Residency Affidavit

Florida Statute §1009.21, requires that every applicant for admission to an Institution of Higher education shall be required to make a statement as to his or her length of residence in the state and, further, shall establish that his or her presence or, if the applicant is a dependent child, the presence of his or her parent or parents in the state currently is, and during the requisite 12 month qualifying period was, for the purpose maintaining a bona fide domicile, rather than for the purpose of maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education. Other persons not meeting the 12-month legal residence requirement may be classified as Florida residents for tuition purposes only if they fall within one of the limited special categories authorized by the Florida Legislature and the State Board of Education. All other persons are ineligible for classification as a Florida resident for tuition purposes.

To qualify as a Florida resident for tuition purposes, you must be a U.S. Citizen or a permanent resident alien, or a legal alien granted indefinite stay by the U.S. Immigration and Naturalization Service. Living in or attending school in Florida will not in itself establish legal residence. Students who depend on out-of-state parents for support are presumed to be legal residents of the same state as their parents. Residence in Florida must be for establishing a permanent home and not merely incident to enrollment at an Institution of higher education. Documents supporting the establishment of legal residence must be dated, issued or filed 12 months before the first day of classes of the term for which a Florida resident classification is sought and must be valid during the immediate 12 months prior to that term.

Residency Documentation List

At least two of the following documents must be submitted that are dated, issued or filed 12 months prior to the first day of classes. At least one of the documents must be from Tier 1. As some evidence is more persuasive than others, more than two may be requested. No single piece of documentation will be considered conclusive, additionally; there must be an absence of information that contradicts the applicant's claim of residency. All documentation submitted is subject to review and verification.

Independent vs. Dependent?

How to decide what you qualify for Residency Tuition purposes.

Before you complete the Residency Affidavit and gather the required documents, you need to consider your Dependency status. This is important because it determines whose documents you will need to gather to prove residency – **Yours** or your **Parent's or Guardian's**? This is necessary if you are requesting In-State tuition rate as opposed to Out of State tuition. In Florida, students who are **under** the age of 24 now, or who will be under the age of 24 when classes begin, are assumed **Dependent** students unless otherwise proven by the rules below. Use the information below to determine your dependency status.

You are considered an Independent for Residency purposes if:

- You are over the age of 24, or will be by the time class starts at MTC.
- You are under the age of 24 but you can document that you earned at least \$7,101 for the last tax year, AND you claimed yourself as a dependent, or no other person claimed you as a dependent for tax purposes. (Provide a copy of last year's tax return.)
- You are under the age of 24 but are married. (Provide copy of marriage certificate.)
- You are under the age of 24 but you have others who receive more than half of their support from you. (Provide your last year's tax return showing the names and relationships of dependents.)
- You are under the age of 24 but you have been discharged from the military. (Provide copies of your discharge orders.)
- You are under the age of 24 but you were a ward or a dependent from the courts before you reached the age of 18. (Provide form(s) from DCF or court documents.)
- I have been classified as an Independent person by MTC Financial Aid office.

You are considered a Dependent student and will need your Parent/Guardian to complete your Residency Affidavit if:

- You are under the age of 24 and your parents or legal guardian claim you as a dependent for tax purposes.
- You are under the age of 24 but have lived continuously with an adult relative or another person who has claimed you as a dependent on their income taxes other than your parents for at least three years. (Provide documents proving 12 months physical residency of relative, and that you lived with them for three years.)
- I am under the age of 24 and my stepparent claims me as a dependent for income tax purposes. (Attach copies of legal adoption papers or evidence of relationship for five years.)

If you qualify as an **Independent for Residency** your next step is to Complete the Residency Affidavit and attach all qualifying documentation as listed above (if applicable) and Tier 1/Tier 2 documents in your name.

If you are classified as a **Dependent for Residency** then please have your **Parent or legal Guardian** complete the Residency Affidavit and provide **their** documentation as listed above (if applicable) and Tier 1/Tier 2 documents in their name.

If you cannot prove that you are an Independent or Dependent by the above means you may write a letter documenting your general circumstances to petition that MTC treat you as an Independent person for establishing residency for tuition purposes. Your letter must be detailed, compelling, and must document the conditions and reasons that you feel you should be treated as an Independent person. Please address your letter to the Admissions office and mail to: Marchman Technical College, 7825 Campus Drive, New Port Richey, Fl. 34653 or Fax to (727) 774-1791.
