- Tuition and fees are paid each term. Certain costs, such as books, testing fees and some kits, are paid only when required.
- All fees are to be paid prior to class starting date.
- All tuition, fees and book prices are subject to change.
- Uniforms and additional tools or supplies are required by some programs and are the responsibility of the individual student to obtain. See Instructor for more information.
- For refund policy see MTC Student Catalog.

## Automotive Collision Repair and Refinishing Technology - 1400 hours

Mr. Christopher Polisenno, Instructor  
DSBPC Vocational Certification  
15+ Years In-field Experience

### Program Structure

OCP	Course Number	Course Title	Course Length	SOC Code
A	ARR0210	Paint and Body Helper	250 Hours	49-3021
A	ARR0213	Paint and Body Assistant	250 Hours	49-3021
B	ARR0020	Auto Collision Estimator	100 Hours	49-3021
C	ARR0313	Frame and Body Repairman	150 Hours	49-3021
D	ARR0127	Automotive Refinishing	325 Hours	49-3021
E	ARR0240	Auto Body Repairer	325 Hours	49-3021

### Program Description

Automotive Collision Repair and Refinishing Technology prepares students for employment in the auto body repair trade. Shop experiences include removal and replacement of auto body parts. Selected projects range from repair of minor damage to major repair, including frame straightening and painting using base coat and clear coat systems. Instruction includes theory, laboratory, and classroom work as each relates to all phases of the auto body repair field.

### Certification

Audatex Estimating Certification

### College Credit Award

Program completers may receive articulated credit toward an aligned certificate, A.A.S. or A.S. degree program at participating institutions in the Tampa Bay Career Pathways Consortium. Details may be obtained from the Office for Adult Technical Education.

### Career Information

*Possible direct-entry careers after high school:* Auto body painter technician's helper, auto body repair technician's helper.

*Possible careers after two years post-secondary training:* Business owner, parts clerk.

*Possible careers after four-year university degree:* Business owner, technical representative, engineer, insurance claims adjuster.

### TABE Minimum Standards

In order to be a program completer, students must meet the minimum math and reading achievement level exit standards on the TABE, unless otherwise exempt, as established by the Florida Department of Education. The minimum exit standards for each program, as well as exemption details, may be obtained from the Office for Adult Technical Education.

### Uniforms

The uniform for this program consists of navy blue short sleeved, collared, uniform style work shirt and standard cut blue jeans (no baggy or multi-pocketed stylized "dress jeans" will be permitted). A minimum of two complete uniforms is required to maintain proper hygiene and cleanliness. For safety reasons, it will be necessary to purchase and wear safety glasses, a personal respirator, solvent resistant gloves, dust mask and hard leather work shoes with non-skid, oil resistant soles (no tennis shoes). Proper uniform and safety equipment must be worn every day for participation in program activities. Failure to be in proper uniform will hinder normal student progress. The uniform and safety equipment code is regulated by OSHA (Occupational Safety and Health Act, Federal Government), FL State Law, and the District School Board of Pasco County.

### Tools

Basic hand tools are required for this program. Information regarding tools, brands, and discount prices will be discussed in detail during the first week of class.
